

# Million Women Mentors South Carolina

Million Women Mentors of SC is proud to present a webinar series specifically designed to facilitate a conversation between college and high school students pursuing STEM careers called “College Prep”.

If you are high school or college student, join our discussion (from 12pm – 1pm; [mwm-college-prep.eventbrite.com](https://mwm-college-prep.eventbrite.com)), ask questions and share experiences with other attendees, and figure out together the best way to tackle your college years in preparation for your career in STEM.

The topics discussed during this series include:

- 1) Choosing STEM – March 27, 2021
- 2) How to Select Professors & Classes – April 24, 2021
- 3) Impact of COVID – June 26, 2021
- 4) The Pros & Cons of Internships and Co-operatives – August 28, 2021
- 5) Managing Finances & Social Life – October 31, 2021

The series will be *hosted* by *Carlie*, a high school senior from Greenwood

The *panelists*:

*Sydney*: senior studying Mechanical Engineering at George Mason University

*Hoda*: sophomore Pre-Law at Harvard (Former MWM-SC Co-Student Lead)

*Iriana*: senior at the University of Alabama studying Civil Engineering (MWM-SC Inaugural State Lead)

*Madison*: sophomore studying Architecture at Washington University

*Maya*: junior studying Quantitative Biology B.S. & Public Policy B.A. at University of North Carolina at Chapel Hill
